

Host family request:

You are invited to be a Host Family for a week!

Who: Lincoln students from 9th to 12th grade.

What: Students will be attending some high school classes as well as participating in the regional DECA conference.

Where: Your home!

When: Wednesday, November 16th – Wednesday, November 23rd, 2016

Why: Lincoln and King's have established a relationship over the past few years. We are learning about one another's culture and language.

King's is pleased to be hosting the 3rd annual visit of Lincoln school students from Guadalajara, Mexico. This opportunity means that we will be seeking host families from within our King's community. Our desire is to place Lincoln students in the homes of King's families who have a student in attendance at the high school. Speaking Spanish is not a requirement due to the fact that all Lincoln students are bilingual.

I, Kim McCormick, King's high school Spanish teacher will be taking a group of students to Guadalajara earlier in November to have a similar experience south of the border.

Host family responsibilities include but not limited to:

- Provide transportation to and from school each day including conference days.
- Provide breakfast and dinner.
- Envelope the Lincoln student in your family life.

A full itinerary of the students is forthcoming.

RSVP to kmccormick@kingsschools.org Include your name, best contact # along with the number and gender of students you are willing to host.
